Biografia

Xavier Bronlet, Managing Partner of AccelerationLab Ltd. is a Professional Certified Coach with the International Coach Federation (Professional Certified Coach under review), Master Coach with IDC Switzerland and Certified Agile Coach and Trainer with Agil'OA, an Organizational Development Consultant and a trainer. He has a degree in mathematics and a degree in economics and complete an executive education at IMD in Lausanne, Switzerland.

He launched his company after a successful career as a senior manager with Avaloq Sourcing, the Swiss leading company that provides outsourcing services to banks in Switzerland and abroad, having played a leading role with them in the management of its growth while supporting clients' success.

Xavier is an experienced professional and has worked in a variety of organizations across Europe. His specialist skills are in developing agility and resilience, helping people becoming comfortable in the uncomfortable. Xavier leverage on systems theory, complexity management to create a space in which people can more easily embrace the VUCAness of their environment. He's using multiple tools to support clients in their development and is the author of the Systemic Agility framework, a method to measure and develop agility within the organizations.
