

SUPSI

Department of Innovative Technologies

SUPSI is the **University of Applied Sciences and Arts of Southern Switzerland** integrated within the Swiss University Federal framework.

SUPSI is divided in 4 Departments and 3 associated schools:

Departments:

- Environment Constructions and Design
- Business Economics, Health and Social Care
- Education and Learning
- **Innovative Technologies**

Associated schools

Accademia Teatro Dimitri,
Conservatorio della Svizzera italiana,
Fernfachhochschule Schweiz

Department of Innovative Technologies

Education

- Bachelor in Electrical Engineering
- Bachelor in Engineering and Management
- Bachelor in Computer Science
- Bachelor in Mechanical Engineering
- Bachelor in Data Science and Artificial Intelligence
- Master of Science in Engineering
- PhD in collaboration with other universities
- Advanced studies (MAS, DAS and CAS)

Research Institutes

- Institute of Systems and Applied Electronics (ISEA)
- Institute of Systems and Technologies for Sustainable Production (ISTePS)
- Dalle Molle Institute for Artificial Intelligence (IDSIA)
- Institute of Information Systems and Networking (ISIN)
- Institute of Mechanical Engineering and Materials Technology (MEMTi)
- Institute of Digital Technologies for Personalized Healthcare (MeDiTech)

The **Department of Innovative Technologies**

(DTI) deals with the engineering sciences and applications in the following sectors:

Information Technology, Artificial Intelligence, Electronics, Mechanics, Industrial Production and Medical Technologies.

The Department's work in the field of engineering and its industrial applications is promoted through university courses and continuing education programmes, as well as through applied research and technology transfer projects with companies.
