Premium per insured person	CHF 99.00 per month
Discount 10 % - CHF 9.90 per month	
Final premium per insured person	CHF 89.10 per month / CHF 534.60 per semester
Franchise per insured person	CHF 300.00 per calendar year
Payment modality	Semester

Termination of your insurance policy

Please send us the documentation that corresponds with your situation and your request by email to terminate your contract.

You have left the canton of Ticino or Switzerland

- Copy / Scan of attestation of departure from your local city hall or the migration office

You have finished your studies, or you are no more eligible for Student insurance

- Copy / Scan confirmation of graduation
- Copy / Scan decision or confirmation letter from relevant authorities

You have married a Swiss citizen, or your residence permit has changed during your studies

- Copy / Scan of your marriage certificate
- Copy / Scan of new residence permit

Send us your termination request by email.

Claims management

Certain services must be paid in advance by the insured, and certain services will be paid directly by the insurer. Please see below what will be paid directly and what must be paid in advance by the insured.

Inpatient treatments - paid directly by the insurer : Hospital admission

In the case of inpatient treatments, **you do not need to pay the medical fees in advance**. The claim service will send a guarantee directly to the hospital.

Outpatient treatments : No overnight stay

Emergent hospital outpatient treatments - general practitioners - specialists - pharmacies...

These medical fees are initially at the insured's expense, who then must file a claim and request reimbursement. Simply follow the instructions in your myswisscare customer account.
